

Manav Ajay Punjabi
UG (IV Year I Semester)
B.Tech. (Electronics & Communication Engineering)
Contact No: 9404083838
Email: manav_ap@ece.iitr.ac.in
Registration No: 23116057/2027

Area of Interest

Distributed systems, Backend services, Data Platform, Software Architecture, ML Infra, AI Tooling, Competitive Programming

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2026	B.Tech. 3rd Year	Indian Institute of Technology, Roorkee	7.750
2023	Intermediate (Class XII)	Godavari Eng Med School, Jalgaon (CBSE)	95.40 %
2021	Matriculate (Class X)	Vardhaman Universe Academy, Jalgaon (CBSE)	92.80 %

Internships

Research & Deep Learning Project Intern | NOOS Technologies June 2025 - August 2025

- Worked on steganography and deep learning, building encoderdecoder models to embed imperceptible data in images.
- Implemented and compared LSB, DCT/DWT, and transformer-inspired Neural ECC for robust information retrieval.
- Delivered a solution resilient to noise, cropping, and compression, bridging research with startup-driven application.

Software Development Intern | Airblack October 2025 - April 2026

- Built Zudo app end-to-end from backend architecture, pricing logic, and auth flows for ed-tech platform.
- Developed real-time scheduling and payment modules handling 10k+ monthly transactions with low-latency APIs.
- Deployed and maintained production services, fixing live issues and shipping weekly features for daily internal use.

Software & AI Engineering Intern | Glance - InMobi May 2026 - July 2026

- Built a content recommendation pipeline using collaborative filtering twin tower approach serving 300M+ users.
- Developed a Databricks + Redis + AlloyDB pipeline for low-latency recommendation candidate generation.
- Shipped production features across 9 services in ML infrastructure, AI tooling, observability, and security in just 8 weeks.

Projects

Self Correcting Voice Agent Testing Platform | Riverline February 2026

- Built an AI QA platform that auto-generated adversarial tests and improved agent success from 17% to 100%.
- Created a self-correcting LLM feedback loop cutting development cycles from weeks to ~15 mins.
- Designed an enterprise AI testing framework achieving 100%+ quality improvement with dashboards.

HealthQuery Chatbot: AI-Powered PDF Assistant for Healthcare | E-Cell, IIT Roorkee December 2024 - January 2025

- Built a chatbot to extract text from PDF medical documents using OCR, chunk it semantically, and answer user queries.
- Enabled document-level question answering via similarity search and Ollama LLM for real-time healthcare responses.
- Tech Stack: Python, Flask, Node.js, Tesseract OCR, LangChain, Ollama LLM, Sentence Transformers

Market Capitalization Forecasting with Deep Learning | GC Tech'25, IIT Roorkee April 2025

- Predicted 1Y, 2Y, and 3Y market cap growth for Indian firms using 28 financial indicators with <20 RMSE in best model.
- Benchmarked MLP, LSTM, Transformer, and Multi-Horizon TCN; TCN with attention achieved lowest RMSE across targets.
- Tech Stack: Python, PyTorch, LSTM, Attention, Transformer, Temporal Convolutional Networks (TCN), StandardScaler

Awards / Scholarships / Academic Achievements

- AIR 1265 in JEE Advanced 2023
- AIR 1587 in JEE Mains 2023
- AIR 909 in SA-Stream KVPY-2021
- National Top 1% in Physics Olympiad 2022
- Nationals Player Chess (chess.com max = 2100, lichess max = 2200)
- 1st Runner-up in Fidelfolio Investments (Finance+DL) PS among 8 contingents.
- Global Rank 5 in Codeforces Round 1033 (Div. 2) & CodeNite 2025 organised by IIT KGP Codeclub
- Secured AIR 1 among 6,000+ participants in the International Cyber Olympiad and qualified for the International Level

Skills

Computer languages	C++, Java, Python, ReactJS, NodeJs
Software Packages	Springboot, Docker, NumPy, Pandas, Databricks, Firehydrant
Minor/Honors Courses	Computer Science and Engineering

Positions of Responsibility & Extra Curriculars

Competitive Programming | Online Judges May 2024 - Present

- Codeforces: Maximum Rating: 1992 Candidate Master (Handle: Akaza_3)

Senior Manager of Startup Launchpad | E-Cell, IIT Roorkee May 2025 - Present

- Led Startup Projects initiative, onboarding 5+ startups for real-world problem statements and student-led execution.
- Managed teams delivering solutions across ML, DL, finance, and consulting, targeting 20+ projects by year-end.
